TOPIC 1 | GS-I | Art & Culture – Literature and Documentary Heritage

Rajatarangini, Mahabharata and Arthashastra Enter UNESCO's Asia-Pacific Memory Register

CONTEXT: Rajatarangini, Mahabharata and **Arthashastra** joined UNESCO's **Asia-Pacific Memory of the World** register.

1992	11th	8	15
MoW programme	MOWCAP meeting	Tarangas	Arthashastra books

1. UNESCO
- Memory of the World
- Since 1992
- Three registers

2. Rajatarangini
- Kalhana, c. 1148 CE
- Kashmir's kings
- Eight Tarangas

3. Mahabharata
- Credited to Vyasa
- Kurukshetra war
- Bhagavad Gita

4. Arthashastra
- Kautilya
- 15 books
- Saptanga, Mandala

Illustration: an old manuscript and a bound book on a stone pedestal under a glowing lamp – heritage kept safe for the future.

KEY TERMS
MoW: UNESCO heritage register
Saptanga: Seven limbs of state
Taranga: Book of Rajatarangini

PRELIMS HOOK
UNESCO MoW (1992) Asia-Pacific register, 11th MOWCAP, Jakarta: Rajatarangini (Kalhana, c.1148–50, Kashmir, 8 Tarangas), Mahabharata (Vyasa; Gita in Bhishma Parva), Arthashastra (Kautilya; 15 books; Shamasastry 1905).

MAINS ANGLE
Preserving and using India's documentary heritage.

PRACTICE (MAINS): "The Rajatarangini marks the beginning of historical writing in India." Examine. (150 words)

TOPIC 2 | GS-I | Modern Indian History – Revolt of 1857

Ambala's Memorial to the Martyrs of 1857

CONTEXT: A **₹594-crore memorial** to the **martyrs of 1857** opened in **Ambala Cantonment, Haryana**.

₹594 cr	22 acres	22	10 May 1857
Cost	Area	Galleries	Meerut rising

1. Memorial
- Ambala Cantt.
- GT Road
- 22 galleries

2. Causes
- Greased cartridges
- Doctrine of Lapse
- Awadh annexed

3. Leaders
- Zafar, Bakht Khan
- Lakshmibai, Tope
- Kunwar Singh

4. Result
- 1858 Act
- Crown rule
- Army reorganised

Illustration: a memorial with a tall pillar, galleries and an open-air theatre beside a highway, with an old rifle and cartridge in an inset.

KEY TERMS

Doctrine of Lapse: No heir, state annexed
1858 Act: Crown rule begins
Enfield: Greased cartridge rifle

PRELIMS HOOK

1857 memorial at Ambala Cantt. (GT Road, ₹594 cr, 22 acres); Meerut 10 May 1857; leaders: Zafar/Bakht Khan (Delhi), Nana Saheb/Tatya Tope (Kanpur), Lakshmibai (Jhansi), Hazrat Mahal (Lucknow), Kunwar Singh (Jagdishpur), Rao Tula Ram (Rewari); GoI Act 1858.

MAINS ANGLE

Nature and legacy of the Revolt of 1857.

PRACTICE (MAINS): "The Revolt of 1857 failed, yet it changed the nature of British rule." Discuss. (150 words)

TOPIC 3 | GS-I | Geography – Places in News (Mapping); Energy Security

Yanbu: Saudi Arabia's Red Sea Oil Gateway Under Threat

CONTEXT: Saudi Arabia warned of **Houthi threats** to **Yanbu**, its **Red Sea oil export hub**.

~1,200 km	5 mbpd	~400,000	~300 km
Petroline	Pipeline capacity	YASREF bpd	North of Jeddah

1. Where
- Red Sea coast
- Al Madinah Province
- North of Jeddah

2. Role
- Petroline end
- YASREF refinery
- Deep-water port

3. Logic
- Bypass Hormuz
- 1980s Tanker War
- Europe via Suez

4. India
- Oil price risk
- Insurance costs
- SPR buffer

Illustration: an oil export terminal on a desert coast with tankers at deep-water jetties, refinery towers, storage tanks and a pipeline from inland.

KEY TERMS

Petroline: East–West pipeline
Hormuz: Gulf oil chokepoint
Bab-el-Mandeb: Red Sea's south gate

PRELIMS HOOK

Yanbu = Saudi Red Sea oil hub (Al Madinah Province; ~300 km N of Jeddah); end of ~1,200 km Petroline (5 mbpd) bypassing Hormuz; YASREF ~400,000 bpd; threatened by Houthi drones.

MAINS ANGLE

Chokepoints, West Asian conflict and India's energy security.

PRACTICE (MAINS): "Chokepoint risks in West Asia make energy diversification a strategic need for India." Discuss. (150 words)

TOPIC 4 | GS-II | Polity – Fundamental Rights; Child Rights & Digital Safety

Children's Right to the Internet: Safety Without Blanket Bans

CONTEXT: The **Supreme Court** held **internet access** is a **child's fundamental right** and rejected **blanket age bans**.

19(1)(a)	21	Under 16	2012
Right to know	Digital access	Australia's bar	POCSO Act

1. Ruling
- Internet is a right
- No blanket bans
- Safeguards instead

2. Roots
- Art. 19(1)(a)
- Anuradha Bhasin
- Art. 21 access

3. Gaps
- Complaint-based
- No cross-matching
- Slow reporting

4. Fix
- Hash databases
- Verify, appeal
- Safety lessons

Illustration: a child using a tablet inside a protective shield, with a padlock, heart and safety icons, while dark warning symbols bounce off.

KEY TERMS
CSAM: Child abuse material
Hash: Digital fingerprint
Safety by design: Built-in protection

PRELIMS HOOK
SC (Just Rights for Children Alliance v. S. Harish, 2026): children's internet access is a fundamental right; no blanket age bans; national hash + URL databases for CSAM; Art. 19(1)(a), 19(1)(g), 21; POCSO 2012, IT Act s.67B.

MAINS ANGLE
Balancing children's digital rights with online safety.

PRACTICE (MAINS): "Protecting children online should not mean shutting them out." Discuss with reference to recent judicial thinking. (250 words)

TOPIC 5 | GS-II | Social Sector – Health; Drug Pricing

Cheaper Cancer Drugs on Paper: Do Patients Really Save?

CONTEXT: NPPA capped **trade margins at 30%** on **137 anti-cancer drugs** – but **real savings** are uneven.

30%	137	~80%	16.5%
Trade-margin cap	Drugs covered	Out-of-pocket share	Brands saving >₹10,000

1. Burden
- ₹4.1 lakh treatment
- 80% out of pocket
- 40% borrow

2. Cut
- 30% margin cap
- 137 drugs, ~900 brands
- 1,024 brands studied

3. Leaks
- Flat margin bias
- No price database
- Bills unregulated

4. Fix
- Public price data
- Pooled buying
- Cancer Mission

Illustration: medicines on a weighing scale against hospital bills and coins, with a falling price tag and a cancer-care ribbon.

KEY TERMS
NPPA: Drug price regulator
Trade margin: Maker price to MRP
OOPE: Paid from own pocket

PRELIMS HOOK
NPPA (1997; Dept of Pharmaceuticals): 30% trade-margin cap on 137 non-scheduled anti-cancer drugs (~900 brands); DPCO 2013 lets non-scheduled drugs rise ≤10%/yr; 2019: 42 drugs; ~80% of ₹4.1 lakh treatment cost is out of pocket.

MAINS ANGLE
From cheaper drugs to affordable cancer care.

PRACTICE (MAINS): "Lower MRPs do not by themselves make cancer care affordable." Examine and suggest reforms. (250 words)

TOPIC 6 | GS-II | Polity – Constitutional Bodies (State Public Service Commission)

Removing a State PSC Chairman: Who Can and How

CONTEXT: A plea seeks **removal of Kerala PSC members** – a power only the **President** holds.

315–323	6 yrs / 62	50%	Art. 317
Articles	Term	Govt-service members	Removal

1. Basis
- Part XIV
- Arts 315–323
- Constitutional body

2. Appoint
- By Governor
- Size not fixed
- Half with 10 yrs

3. Remove
- Only President
- SC inquiry binding
- Governor suspends

4. Guard
- Charged expenses
- Fixed tenure
- No other govt job

Illustration: a commission building with pillars, an exam hall, a balance scale, a gavel and an order file.

KEY TERMS

Art. 317: Removal of PSC members
Charged: Not voted by House
JSPSC: Joint PSC by Parliament

PRELIMS HOOK

SPSC: Arts 315–323 (Part XIV); appointed by Governor, removed only by President (Art. 317) – misbehaviour needs binding SC inquiry; term 6 yrs or 62; half members with 10 yrs govt service; expenses charged on State CF.

MAINS ANGLE

Independence and credibility of public recruitment bodies.

PRACTICE (MAINS): "The credibility of State Public Service Commissions is central to good governance." Discuss the safeguards and reforms needed. (150 words)

TOPIC 7 | GS-II | Governance – Internal Security; India–Nepal–Bhutan Relations

New Border Travel Rules for India, Nepal and Bhutan

CONTEXT: MHA amended the **2025 exemption order** to tighten **ID checks** on **Nepal and Bhutan** routes.

2026	1,751 km	699 km	31 Dec 2024
Amendment	India–Nepal border	India–Bhutan border	Minority cut-off

1. Order
- MHA notification
- Amends 2025 Order
- Visa Manual defined

2. Indians
- One valid ID
- Passport for others
- Designated posts

3. Neighbours
- ID from Manual
- No 3rd-country use
- Visa if via China

4. Exempt
- Armed forces
- Lankan Tamils
- Minorities, Tibetans

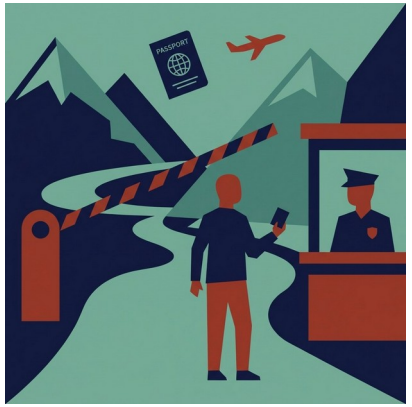

Illustration: a mountain border post with a barrier gate, a traveller showing an ID card to an officer, a passport and a plane above.

KEY TERMS
Visa Manual: Official visa rulebook
ICP: Designated check post
SSB: Guards Nepal, Bhutan borders

PRELIMS HOOK
Immigration & Foreigners (Exemption) (Amendment) Order 2026 (MHA): ID from Visa Manual for India–Nepal/Bhutan travel; passport for third-country travel; Nepal/Bhutan citizens need passport + visa if arriving via China, Macau, Hong Kong or Pakistan; SSB guards both borders.

MAINS ANGLE
Managing open borders without hurting neighbourly ties.

PRACTICE (MAINS): "An open border is a bridge of friendship and a channel of risk." Discuss with reference to the India–Nepal border. (150 words)

TOPIC 8 | GS-III | Economy – Industry and Manufacturing

Annual Survey of Industries 2024–25: Growth at the Top, Strain at the Base

CONTEXT: ASI 2024–25: corporate **GVA up 9.28%**, factory jobs **over 2.10 crore**, but value is **concentrated**.

9.28%	2.10 crore+	54%+	2.25%
Corporate GVA growth	Factory jobs	GVA in 5 States	GVA per worker growth

1. Scope
- Factories Act 2m
- 10+ with power
- CoS Act 2008

2. Growth
- GVA +9.28%
- Jobs +7.57%
- P&M +7.25%

3. Skew
- 79% small units
- 10.5% of capital
- 5 States, 54% GVA

4. Fix
- Tech subsidy
- Eastern parks
- Reskilling

Illustration: a big automated factory beside many small workshops, with rising bar charts and simple worker figures.

KEY TERMS

GVA: Output minus inputs
NVA: GVA minus depreciation
Missing middle: Few mid-sized firms

PRELIMS HOOK

ASI 2024–25 (MoSPI; CoS Act 2008): corporate GVA +9.28%, persons engaged +7.57% (>2.10 crore), GVA/person +2.25%; small units (≤₹5 cr P&M) = 78.69% of factories but 10.55% of capital; 5 States >54% of GVA.

MAINS ANGLE

Raising productivity and spreading manufacturing growth.

PRACTICE (MAINS): "India's factory sector shows growth without broad-based productivity." Analyse using ASI 2024–25. (250 words)

TOPIC 9 | GS-III | Economy – Infrastructure (Energy); Renewable Energy UPDATE

₹14,500-Crore Push for 92 GWh of Grid Energy Storage

CONTEXT: Cabinet cleared **₹14,500 crore VGF** for **92 GWh of storage**; **Railways** won a **rooftop solar award**.

₹14,500 cr	92 GWh	60 GWh	79%
VGF outlay	Storage target	Pumped storage	Railway buildings solar

1. Scheme
- ₹14,500 cr VGF
- FY27–FY31
- ₹97,600 cr investment

2. Mix
- 60 GWh pumped
- 30 GWh batteries
- 2 GWh new tech

3. Rules
- Tariff bidding
- 40% local content
- DISCOMs eligible

4. Railways
- 12,495 buildings
- 351 MW
- Award 2026

Illustration: a pumped-storage plant with two reservoirs, battery containers beside solar panels and wind turbines, and a solar-roofed railway station.

KEY TERMS
VGF: Gap-filling grant
PSP: Water-based storage
DCR: Local content rule

PRELIMS HOOK
VGF scheme ₹14,500 cr (FY27–31) for 92 GWh storage: 60 GWh PSP + 30 GWh BESS + 2 GWh new tech; 40% DCR for BESS; tariff-based bidding; target 411 GWh by 2031–32. Railways: PM Surya Ghar Excellence Award 2026 – 12,495 buildings, 351 MW.

MAINS ANGLE
Storage as the backbone of a renewable-heavy grid.

PRACTICE (MAINS): "Without storage, more solar means more wasted power." Discuss India's storage strategy. (150 words)

TOPIC 10 | GS-III | Science & Technology – Nuclear Fusion UPDATE

How a Tokamak Tames the Sun's Fire

CONTEXT: How **tokamaks** hold **plasma** with **twisted magnetic fields** to make **fusion** possible.

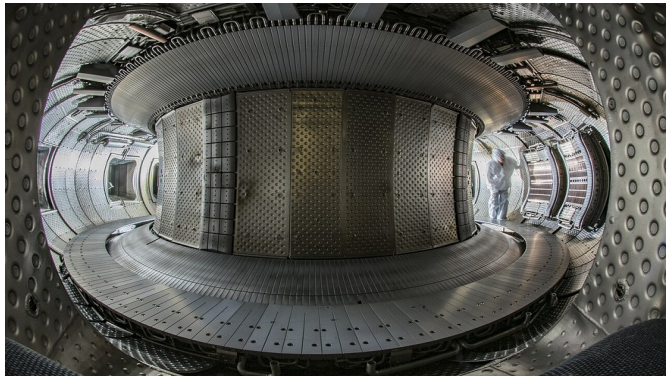

17.6 MeV Energy per D–T fusion	**500 MW** ITER goal	**1,066 s** EAST record	**1989** ADITYA starts

1. Basics
- Light nuclei fuse
- D–T → He + n
- 17.6 MeV

2. Tokamak
- Ring chamber
- Helical field
- Blanket heat

3. Hurdles
- Instability
- Tritium supply
- No net power yet

4. Progress
- ITER, France
- EAST 1,066 s
- ADITYA, SST-1

Inside the WEST tokamak in France: the ring-shaped steel vacuum chamber where plasma is held by magnetic fields.
Photo: Christophe Roux / IRFM, Wikimedia Commons, CC BY 4.0

KEY TERMS
Plasma: Fourth state of matter
Blanket: Heat and tritium layer
Stellarator: Twisted-coil device

PRELIMS HOOK
Tokamak = ring chamber, helical field (external coils + plasma current); D–T → He + neutron, 17.6 MeV (80% neutron); ITER Cadarache (7 members, 500 MW from 50 MW, no electricity); EAST 1,066 s (2025); ADITYA 1989, SST-1 2013 (IPR Gandhinagar).

MAINS ANGLE
Fusion energy – promise, hurdles and India's role.

PRACTICE (MAINS): "Fusion is always thirty years away." Examine the technical hurdles and India's role in fusion research. (150 words)

TOPIC 11 | GS-III | Internal Security – Defence Manpower; Governance **UPDATE**

Revamped Agnipath: More Chances, Not a Return to Old Recruitment

CONTEXT: Revamped Agnipath gives a **second chance at regular service** – but it is **not old-style recruitment**.

25% Chosen at 4 years	**6 yrs** With extension	**₹11.71 lakh** Seva Nidhi at 4 yrs	**3 lakh+** Agniveers

1. Change
- 25% at 4 years
- 2-year extension
- Second chance

2. Not old
- Term first
- Two stages
- No pension

3. Gains
- Fills gaps
- Experience kept
- Young profile

4. Scale
- 3 lakh+ Agniveers
- 19,000 Army first
- IAF Dec 2026

Illustration: a young soldier on a road that forks towards a military camp and a city, with a calendar showing extra years.

KEY TERMS
Seva Nidhi: Exit corpus
Regular cadre: Permanent soldiers
CDS: Head of DMA

PRELIMS HOOK
Revamped Agnipath: 25% at 4 yrs + 2-yr extension for the rest → second chance at 6 yrs (not guaranteed); extension = higher pay, bigger Seva Nidhi, but no CAPF/PSU/State quota; Seva Nidhi ~₹11.71 lakh tax-free, no pension.

MAINS ANGLE
Balancing a young force with experience and fairness to soldiers.

PRACTICE (MAINS): "The Agnipath revamp changes retention, not the recruitment philosophy." Examine. (150 words)

TOPIC 12 | GS-III | Environment – Climate Change Mitigation; Transport

NDC-TIA II: India and Germany Team Up for Electric Trucks

CONTEXT: NITI Aayog and GIZ signed an agreement under **NDC-TIA II** for **electric trucks**.

3	€4.04 mn	2024–28	2070
Countries	German funding	Phase II	India net zero

1. What
- Regional initiative
- Germany's IKI
- GIZ coordinates

2. Who
- India, China
- Vietnam
- NITI Aayog in India

3. Focus
- E-trucks
- Corridor charging
- Green finance

4. Why
- Freight emissions
- Fuel imports
- NDC goals

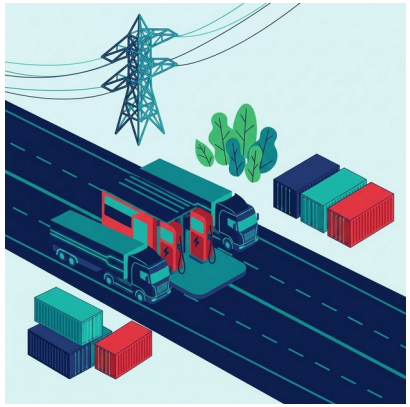

Illustration: electric trucks on a freight highway at a high-power charging station, with a power tower, leaves and cargo containers.

KEY TERMS
NDC: Paris climate pledge
GIZ: German aid agency
TCO: Lifetime cost

PRELIMS HOOK
NDC-TIA II: India, China, Vietnam; funded by Germany's IKI (€4.04 mn), coordinated by GIZ; Phase II Nov 2024–Sep 2028; NITI Aayog implements in India; focus: electric medium/heavy trucks, charging, green finance.

MAINS ANGLE
Decarbonising freight through partnerships.

PRACTICE (MAINS): "Decarbonising road freight is the hardest part of India's transport transition." Discuss. (150 words)

TOPIC 13 | GS-III | Internal Security – Defence Indigenisation (Navy)

INS Amini: A Home-Built Submarine Hunter for Shallow Seas

CONTEXT: The Navy received **'Amini'**, a **GRSE-built** shallow-water **submarine hunter**.

80%+ Indigenous content	**2002** Old INS Amini retired	**16** ASW SWCs planned	**GRSE** Builder

1. Ship
- ASW SWC
- Built by GRSE
- 80%+ Indian

2. Arms
- Light torpedoes
- ASW rockets
- Sonar

3. Roles
- Hunt submarines
- Coastal watch
- Lay mines

4. Name
- Amini Island
- Lakshadweep
- Old Petya corvette

Illustration: a small grey warship on waterjets near a palm-fringed island, with sonar waves reaching a submarine outline below.

KEY TERMS
ASW: Submarine hunting
Waterjet: Jet-driven ship
Sonar: Sound-based detection

PRELIMS HOOK
Amini = ASW Shallow Water Craft by GRSE Kolkata (80%+ indigenous; waterjets; light torpedoes, ASW rockets, sonar; ASW, coastal surveillance, mine-laying); named after Amini Island, Lakshadweep; old INS Amini (Petya III) retired 2002.

MAINS ANGLE
Littoral maritime security and indigenous shipbuilding.

PRACTICE (MAINS): "Littoral security needs small, smart ships." Discuss with reference to India's shallow-water ASW craft. (150 words)

TOPIC 14 | GS-III | Science & Technology – Space Debris and the Private Space Sector

Cosmoserve's Base 1: India's Private Bet on Clearing Space Junk

CONTEXT: Cosmoserve's Base 1 in **Hyderabad** will develop **space-debris removal** and **in-orbit servicing**.

14,800 sq ft Base 1	**2030** Debris-free goal	**$40–45 bn** Space economy aim	**July 2026** EMBRACE test

1. Base 1
- Hyderabad
- Robotics labs
- Mission control

2. Tech
- Soft grippers
- No new fragments
- EMBRACE test

3. Services
- Debris removal
- Refuelling
- Inspection

4. India
- DFSM 2030
- Project NETRA
- IN-SPACe

Illustration: a small servicing spacecraft using soft gripper petals to catch a tumbling dead satellite above the Earth.

KEY TERMS

Kessler: Collision cascade
ADR: Debris removal
IOS: Servicing in orbit

PRELIMS HOOK

Cosmoserve Space Base 1, Hyderabad (14,800 sq ft): ADR + IOS; soft robotic gripper petals (Mission EMBRACE, July 2026); partners Skyroot, Pixxel; supports ISRO DFSM (debris-free by 2030) and Project NETRA.

MAINS ANGLE

Space sustainability and private innovation.

PRACTICE (MAINS): "Space sustainability is the next frontier of space policy." Discuss with reference to India's debris-free goal. (150 words)

TOPIC 15 | GS-III | Science & Technology – Research and Innovation Policy

India S&T Scoreboard: Mapping Where Research Happens

CONTEXT: NITI Aayog launched the **India S&T Scoreboard** for **all States and UTs**.

36	11	0.89	28.5%
States and UTs	Priority areas	CNCI (world 1.0)	Q1 papers

1. What
- NITI Aayog
- Interactive dashboard
- FY22–FY25

2. Measures
- Papers, patents
- Three sectors
- 11 areas

3. Quality
- 8.5% top-cited
- 28.5% Q1
- CNCI 0.89

4. Use
- Find gaps
- Compare States
- Viksit Bharat

Illustration: a large analytics dashboard with charts and a ranking table beside icons for papers, patents, a microscope, an atom and a bulb.

KEY TERMS
CNCI: Citation impact score
Q1: Top-quarter journal
ANRF: Research funding body

PRELIMS HOOK
India S&T Scoreboard (NITI Aayog): all 36 States/UTs, FY22–FY25; academia/govt labs/industry; 11 priority areas; top-10% cited 8.5%, Q1 28.5%, intl collaboration 29.9%, CNCI 0.89 vs world 1.0.

MAINS ANGLE
Building State-level research and innovation capacity.

PRACTICE (MAINS): "States, not just the Centre, must drive India's research ambitions." Discuss. (150 words)

TOPIC 16 | GS-III | Environment – Protected Areas and Species Reintroduction

Blackbucks Return to Gomarda After Five Decades

CONTEXT: 50 blackbucks will return to **Gomarda WLS, Chhattisgarh**, after **five decades**.

1975	~278 sq km	50	1970s
Notified	Area	Blackbucks moved	Last seen

1. Where
- Raigarh, Chhattisgarh
- 1975
- ~278 sq km

2. Land
- Hills, boulders
- Laat, Manai rivers
- Dry deciduous

3. Plan
- 50 blackbucks
- From Barnawapara
- After 50 years

4. Species
- Least Concern
- Schedule I
- Bishnoi guardians

A blackbuck stag with long spiral horns in dry grassland in Gujarat.

Photo: Chinmayisk, Wikimedia Commons, CC BY-SA 3.0

KEY TERMS

Reintroduction: Return to old range
Translocation: Move between sites
Schedule I: Top legal protection

PRELIMS HOOK

Gomarda WLS: Raigarh, Chhattisgarh (1975, ~278 sq km; Laat & Manai rivers; dry deciduous); 50 blackbucks from Barnawapara WLS – back after 5 decades; blackbuck: IUCN LC, Schedule I.

MAINS ANGLE

Restoring lost species to their old homes.

PRACTICE (MAINS): "Reintroductions succeed only when the causes of local extinction are fixed." Discuss with an example. (150 words)

TOPIC 17 | GS-III | Environment – Biodiversity (New Species)

Disporum kamakhasiense: A New Flowering Plant of the North East

CONTEXT: A new plant, **Disporum kamakhasiense**, was found in **Assam and Meghalaya**.

3	200–1,100 m	180 cm	2
Sites	Altitude	Max height	States

1. Plant
- Perennial herb
- Colchicaceae
- New species

2. Where
- Garbhanga, Assam
- Laisong, Dima Hasao
- Barapani, Meghalaya

3. Look
- White star flowers
- Long flower stalks
- Up to 180 cm

4. Risk
- Potentially endangered
- Road widening
- Deforestation

Illustration: a tall herb with branched stems, broad veined leaves and small white star-shaped flowers on a cliff under bamboo.

KEY TERMS

Perennial: Lives over two years
Endemic: One-region species
Hotspot: Rich, threatened area

PRELIMS HOOK

Disporum kamakhasiense: new perennial herb (Colchicaceae) from Garbhanga RF and Laisong (Dima Hasao), Assam, and Barapani, Meghalaya; name = Kamarupa + Khasi; cliffs under bamboo, 200–1,100 m; potentially endangered.

MAINS ANGLE

Documenting and protecting North-East biodiversity.

PRACTICE (MAINS): "New species are being found faster than we can protect them." Discuss with reference to North-East India. (150 words)

TOPIC 18 | GS-IV | Ethics, Integrity & Aptitude – Synthesis

Ethics Synthesis: Protecting Without Excluding, Pricing With Conscience

CONTEXT: Today's topics test **proportionality, compassion** and **institutional integrity**.

3	5	8	1
Case studies	Thinkers	Core values	Common thread

1. Thread
- Protect, don't exclude
- Real affordability
- Institutional trust

2. Case 1
- Phone ban demand
- Safeguards, not bans
- Reporting cell

3. Case 2
- Costly brands
- Generics first
- Open prices

4. Case 3
- Relative a candidate
- Declare interest
- Recuse

Illustration: a balance with a child holding a tablet on one side and a medicine bottle on the other, a shield in the middle and a certificate below.

KEY TERMS

Proportionality: No more than needed
Conflict of interest: Gain vs duty
Integrity: Fair by own rules

PRELIMS HOOK
Not applicable for Prelims – use the cases and thinkers in GS-IV answers.

MAINS ANGLE
Proportionality, compassion and integrity in public service.

PRACTICE (MAINS): "Protection that excludes is not protection." Discuss with reference to children's digital rights. (150 words)
